### How To Photograph A Puppy

1. Remove film from box and load camera
2. Remove film box from puppy's mouth and throw in trash
3. Remove puppy from trash and brush coffee grounds from muzzle
4. Choose a suitable background for photo
5. Mount camera on tripod, check flash and focus
6. Find puppy and take dirty sock from mouth
7. Place puppy in pre-focused spot and return to camera
8. Forget about spot and crawl after puppy on knees
9. Focus with one hand while fending off puppy with other hand
10. Get tissue and clean nose print from lens
11. Put cat outside and put peroxide on the scratch on puppy's nose
12. Put magazines back on coffee table
13. Try to get puppy's attention by squeaking toy over your head
14. Replace your glasses and check camera for damage
15. Jump up in time to grab puppy by scruff of neck and say – "No, no outside!"
16. Call spouse to help clean up the mess
17. Fix a drink
18. Sit back in chair, put your feet up, sip your drink and resolve to teach puppy "sit" and "stay" the first thing in the morning.

### Cat Talk

A man walked into a bar, sat down and ordered a beer. He heard a voice behind him saying, "Hey, got any food to spare?" He looked around and saw that he was the only customer in the place. So he shook his head and continued to enjoy his drink.

Then he heard it again, "Hey, got any food to spare?" He once again looked around and noticed a cat looking directly at him. He got all excited and yelled to the bartender, "That cat can talk! Did you hear that cat talk? That cat can talk!"

The bartender replied, "Mister, cats can't talk. Don't you know that? It's the dog over there. He's a ventriloquist."
